Above **Comfort** sets include **2 double ramps** cushions and **2 single ramp** cushions. Total **4 ALTAIRÉGO** tyre cushions per set.

The nominal tyre's width is calculated to leave a margin of 150 mm with the "Comfort" Series cushion's width. It means, for example, that a Ferrari with tyres 345/55 R21 leaves 75 mm per side when parked in the cushions and though protects also the tyres' sides. It's the only product which protects and supports tyres' sides. A very comfortable way to protect your tyres.

Showster Series The best for showrooms and medium term storage !

Type	Use	MAX KERB WEIGHT in KG	Comfort	Showster Maximum nominal tyres' width advised	When using it as Storaway	Euro / set WITHOUT VAT
450 SHD Super	Sportscars	2.000 Kg		345	365	445,00

400 SHD Premium	Sedan and Vintage / Classic cars	3.000 Kg		295	325	495,00

Above **Showster** sets provide **4 double ramps** cushions. Total **4 ALTAIRÉGO** tyre cushions per set.

The "Showster" Series leaves 100 mm between tyres' and cushions' width. Perfect for Showrooms, it also preserves the tyres' sides; the tyres' most sensible part. Only ALTAIRÉGO does it.

Storaway Series The most convenient for long term storage !

Type	Use	MAX KERB WEIGHT in KG	Comfort	Showster	Storaway Maximum nominal tyres' width advised	Euro / set WITHOUT VAT
300 STo Midget	Light and small cars	1.500 Kg			225	255,00

400 STo Premium	Sport, Sedan and Vintage / Classic cars				325	415,00
350 STo Leader	Rare Classic and special cars	4.000 Kg			275	450,00

Above **Storaway** sets include **2 double ramps** cushions and **2 single ramp** cushions. Total **4 ALTAIRÉGO** tyre cushions per set.

Thanks to its reduced dimensions, the "Storaway" Series is economical and perfect for long term storage with all the quality and specificity of other ALTAIRÉGO Series. It leaves a margin of 80 mm between cushions' width and tyres' side to preserve it. Also with "Storaway", the tyre is entirely emerged inside the cushion; though protecting the tyre's side.
